**Description**

**UN certified 4GV fibreboard, assembled supplied, with 1 PE bag - PGV86**.

UN certified 4GV packagings (UN certified 4GV fibreboard boxes) suitable for shipping objects or any kind of inner packagings containing solid or liquid substances of packing group I, II, III.
For a proper use of UN certified 4GV boxes, it is important to follow the instructions printed on the flap of each box.
The correct preparation of these UN certified 4GV boxes requires their use in combination with vermiculite (inert absorbent material).
