

TECHNICAL DATASHEET

Code	DIS-0750-CT
Brief Description	Dehydrating chains for container, 750 g chain, box of 12
Type	For container
Dimensions outer	145 x 1200 h mm
Weight	750.00 g
Package	of 12 chains

Description

They absorb water vapor inside the container that can arise from temperature changes and the packing material contained inside.

Their use allows goods to be protected from damage caused by moisture.

The bags should be hung on the walls of the container using the hook provided on the first bag.

Do not place the product in direct contact with the goods.

The printed side of the bag should always face upward.

The recommended quantity is:

- For 20-foot containers: 6 chains;

- For 40-foot containers: 12 chains.
