Type	For container
Dimensions outer	210 x 210 x 40 h mm
Weight	1000.00 g
Package	of 20 pieces

Description

Bags made of granular material for containers (container bags).
They absorb water vapor inside the container that may arise from temperature changes and the packing material contained inside.
Their use allows goods to be protected from damage caused by humidity.
Bags should be placed under pallets/pallets.
Do not place the product in direct contact with the goods.
The recommended quantity is:
- For 20-foot containers: 20 bags;
- For 40-foot container: 40 bags.
